U. S. HAS STRENGTH IN ATLANTIC; FIGHTS SUBMARINE MENACE

Is Using That Strength To

ALWAYS ON THE ALERT

Strong Force of Naval Units
Form A Protecting
Convoy

(Editor's note: This is the first of a series of three articles on the role played by the United States in the battle of the Atlantic written by William Wade, International News Service staff correspondent, who has travelled from the United States to Iceland in an American convoy.—I. KEYKJAVIK, Iceland, (Delayed)—(INS)—The United States Navy has strength in the Atlantic—strength enough to fight the submarine menace and deliver the goods to America's vital island bases—and today it is using its strength for just such a purpose.

I had a port-hole view of the Navy's power as I travelled from the United States to Iceland aboard a ship escorted by a strong force of naval units. I left on one jittery day after naval officials announced a new flurry of U-boat raids in the Atlantic.

The jittery vanished, however, when

Postpone Class for First Aid Instructors One Week

The first aid instructors' class which was scheduled to be held in the Travel Club home during the week of March 2nd has been unavoidably postponed for a week.

The scheduled instructor, Albert Miller, has been called back to Washington, D. C.

Class will start however on Monday evening, March 9th, continuing nightly from seven to 10 p. m., until March 13th inclusive.

NAMED DIRECTOR

Announcement has just been made that Louis Dries, well-known Bristol businessman, has been appointed a member of the Board of Directors of the Uptown Home for the Aged, a Philadelphia sanctuary for the helpless aged. Mr. Dries' appointment was made at a recent officers' meeting of the institution. The home provides a place of refuge, shelter and protection for the blind, infirm, incurable, destitute, mentally sick, and aged.

INCREASES FLOOR SPACE

An increase in floor space of more than 25% has been made in the Bristol Floor Covering Co. store, 313 Mill street. Work on this enlargement was completed yesterday, and was accomplished by tearing out a portion in the rear of the building. This improvement will enable this store to show a still larger variety of floor coverings. An advertisement of this store appears on another page of today's Courier.

TWO SMALL FIRES

Bristol Consolidated firemen were called out twice yesterday. In the afternoon a pile of railroad ties near Adams street caught fire. In the early evening a pile of lumber and other material in the rear of the Bristol Bowling Alleys was ablaze. The firemen had to soak the material with water to extinguish the blaze.

LATEST WAR BULLETINS

Australians Again Bomb Rabaul

Melbourne—A new Australian bombing attack on Jap-occupied Rabaul, New Britain Island, was announced today in a communique which described severe damage to enemy installations, ships, buildings and planes. Fierce fires and explosions were reported after the Australian bombers unleashed their cargoes. All the RAAF planes returned safely to their bases, it was announced.

Petaín Rejects U. S. "Intolerable Demand"

London—Marshal Henri Petaín, French Chief of State, has rejected the "intolerable demand" made by the United States that all French fleet movements must receive prior authorization by the United States, Reuters news agency reported today, quoting the Nazi-controlled Paris radio.

It was the first indication, anywhere, that any such demand had been made by the United States.

After rejection of the demand, the Paris radio added, rumors were rife in American quarters that U. S. Ambassador William D. Leahy would leave his post at Vichy as a protest.

"Jap" Bombs Fall in Sea at Surabaya

Batavia—Nine Japanese planes raided the Netherlands East Indies naval base of Surabaya on the stronghold island of Java today, but all the bombs they dropped "fell into the sea."

A Netherlands East Indies communique added that "our fighters drove the enemy away."

Enemy fighting planes machine gunned Waingapu on the north coast of Sumba Island, west of Timor, and Bima on nearby Sumbawa, but caused only slight damage.

The Dutch countered these thrusts and hampered Jap activity over Java by once again bombing Palembang, the Jap-occupied Sumatra oil center. A number of fires were caused by this Dutch attack.

Dutch planes also attacked concentrations of enemy ships near Banka, off the eastern coast of Sumatra. Banka was reported occupied by the Japanese yesterday.

MacArthur's Counter-Blitz Pushes "Japs" Back

Washington—With fighting continuing on the Bataan Peninsula, the War Department reported today that Gen. MacArthur's counter blitz has pushed the Japanese back from one-half to five miles along the 13-mile front.

MacArthur's surprise counter offensive commenced 48 hours ago, apparently has caught a numerically superior enemy off guard and forced them to retreat from advance positions about midway on the embattled peninsula.

The Army said the "greatest advance was made on the right of the line north of Pilar." Pilar is an important coastal point about half-way down the peninsula on the Manila Bay side.

Foresee "All-Out" Offensive by "Japs" Against Rangoon

London—Japanese ground forces on the Burma front were expected today to launch an all-out offensive against Rangoon at almost any moment following failure of their repeated efforts to reduce the Burmese capital by air.

During the past two days, flaming Japanese planes have been dropping from the skies over Burma and Thailand in droves—sent down by members of the famed American volunteer group and the RAF.

All told, no less than 94 and probably more Jap planes have been knocked down in what British newspapers now are calling a "miniature battle of Britain."

Claim Two German Armies Face Surrender

Moscow—Russian reports from the battle front said today that two encircled German armies—the 16th in the Staraya Russa region and the 2nd at Rzhev—"face surrender or annihilation."

From all sectors came advices of uninterrupted Red army advances along the entire front.

R. A. F. Planes Attack Kiel Naval Base

London—The British Air Ministry announced today that dockyards and shipbuilding works were bombed and fires started when RAF planes attacked the Nazi naval base of Kiel during the night. Three British planes were listed as missing.

"GOLDEN" HORSES ARE BEING BRED IN BUCKS

Is Hobby of William M. Hill,
Jr., at His Sellersville
Property

I FULL-BRED ARABIAN

SELLERSVILLE, Feb. 27—William M. Hill, Jr., is one of the most recent "modern pioneers" coming to Bucks county along with numerous other cosmopolitans who seek to carry on their hobbies in privacy.

Palomino horses, that nearly extinct breed of golden animals, are the great hobby of Mr. Hill. He always was a great admirer of horses, but only three years ago started studying palominos. Now he says he's been bitten by the "breeding bug," which is something that gets into every horse lover's blood and remains for life. They begin experimenting in horse raising and then those people who have the "bug" almost never get over it, says Hill.

Although his stable consists of but 15 animals, Hill's possessions include some of the best. He has one full-bred Arabian and four regularly registered palominos, as well as several palomino colts and brood mares. A sorrel mare from the famous Hanover stables is another of his prize pieces of horsemanship. Hill is proud of them all, even down to the little Italian burro, which furnishes ample comic relief to the scene at the sportsman's picturesque "ranch."

Elect Officers of The Bensalem Sunday School

The Rev. Henry Cunningham has been named superintendent of the Sunday School of Bensalem Presbyterian Church.

Other officers elected at a meeting this week include: assistant superintendent, Robert Reed, Jr.; secretary, Elwood Silcox; treasurer, Mrs. Clara Reed; secretary of literature, Miss Helen Vansant; pianist, Miss Evelyn Groner; librarian, Walter Moore.

A CHRISTENING

NEWPORTVILLE, Feb. 7—The infant son of Mr. and Mrs. William Alexander was christened William Charles in St. Thomas Church, Croydon, on Sunday. The sponsors were Miss Kathleen Layton, Maple Shade, and James Connelly, Bristol. Later, dinner was served at the Alexander home.

CLEANED BY REPORTERS

Announcement is made by J. Leonard Halderman, head of the Doylestown schools, that about 65 out of 93 seniors expect to take the annual senior class trip to Washington, D. C., April 22, 23 and 24.

The trip, which will be made in three days instead of the usual four, is being shortened because of two reasons: first, the increase in the cost and, second, some of the public buildings are no longer open to visitors since the outbreak of the war.

Mr. Halderman said that he has taken the advice of the transportation agencies, and the usual four-day trip can be achieved in three days.

Importance of blood transfusions was the subject upon which Dr. Aman, of the Abington Hospital, spoke at the meeting of the Warrington Lions Club at the Warrington Inn, this week.

Introduced by the president, Dr. John A. Prickett, the guest speaker briefly outlined the steps taken in

George M. Holdzkorn, Sr., Caimed by Death in Phila.

A former resident of Croydon, George M. Holdzkorn, Sr., husband of the late Johanna Holdzkorn, died in Philadelphia, yesterday.

Survivors of Mrs. Holdzkorn are a son, George, Jr., and one brother.

The Rev. W. E. Preston Haas, pastor of Bristol Methodist Church, will officiate at the service on Sunday at two p. m., at the Molden funeral chapel, 133 Otter street. Relatives and friends, also employees of the Philadelphia Electric Co., Philadelphia, are invited to attend. Interment is to be made in Tullytown Cemetery, and friends may call Saturday evening.

TO STAGE PLAY

FALLSINGTON, Feb. 27—The Junior class of Falls Township high school is working hard on the play, "High Pressure Homer," which is to be given in the Community Hall, Fallsington, March 27th.

ROHM AND HAAS CO. GIVE \$4,000 TO RED CROSS

Contribution Does Not Count
In Quota Set For Bristol
Branch

IS A SPECIAL GIFT

Another Bristol industry has made a substantial contribution toward the Red Cross War Fund. The Bristol Chapter is in receipt of a check for \$4,000 from the Rohm & Haas Company. This represents a contribution from the Rohm & Haas Company and is entirely separate from the fund which is being solicited among the employees of the big chemical plant.

The \$4,000 contribution is considered a special gift and will not be a part of the \$12,500 which is the quota set for the Bristol Chapter. But the fund being contributed by the Rohm & Haas employees will be.

Gifts of less than \$500 and coming from individuals are counted in the Bristol quota, but gifts exceeding \$500 donated by firms or corporations are not credited to the quota.

Industrial firms in this area have thus far contributed a total of \$12,000, but none of this is counted in the quota. The Paterson Parchment Paper Company gave \$5,000; Wilson Distilling Company, \$2,000.

The Rohm & Haas Co. wrote: "We enclose herewith the Rohm & Haas Company check for \$4,000 as the Bristol company's contribution toward the Red Cross War Fund. You will be pleased to know that the associated companies have contributed a total of \$10,000 to this fund, and the enclosed check represents the Bristol plant's share of the contribution."

"We know that it will be put to good use, and the company is glad to be able to help in this way."

The letter is signed by V. C. Henrich, superintendent of the Bristol plant.

TO SPONSOR "MOVIE"

The Christian Endeavor of First Baptist Church will sponsor a "movie" night on Monday at eight o'clock. A bus company representative will show several reels of color film. A silver offering will be placed in the Christian Endeavor's summer camp fund. The public is invited.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

(Distributed by McNaught Syndicate, Inc.)

A Question of Restraint

Washington, Feb. 26.
AS once more there arises in Congress and in the country a demand for some restraint upon the labor lobbyists who are using the war to enforce unreasonable and dangerous labor advances, these lobbyists present what amounts to a demand upon the President that no restraint be imposed.

IT is a situation which calls for courage and firmness from Mr. Roosevelt. The problem is his, and his only. In this, as in practically everything else, everybody is limited by the limitations of the President. And in the matter of labor demands Mr. Roosevelt's political alliances, obligations, leanings and commitments are such that he is

not in position easily to deal with them on their merits. The hope is that this time he will cast off the strings that bind him, live up to the brave words of his speech about not permitting any group to gain advantage at the expense of us all and not put forth one of the compromises for which he is famous and under which the labor professionals will get enough of their demands now to enable them to renew pressure for the rest a little later on.

READY TO PAY THE PENALTY FOR NOT BEING REGISTERED

Bucks County Resident Says
Even First Step Would
Nullify Protest

IS HELD IN BAIL

Defendant and Commissioner
Are Both Very Close
Friends

Refusing to register under the Selective Service Law Elliston P. Morris, 42, wealthy member of the American Friends' Service Committee who owns an estate near Feasterville, Bucks County, is under \$2500 bail.

Morris appeared in Philadelphia yesterday before his friend, U. S. Commissioner Norman J. Griffin, charged with failing to register with Bucks County Selective Service Board No. 2.

Before the February 14 registration, he notified the Government of his intention not to register. Yesterday, he told Griffin:

"I cannot take part even in the first step of military conscription. To go along that far would nullify any protest I might make against a system I do not believe is right. The alternative, of course, is to make my protest by openly disobeying the law and to cheerfully take the penalty. I have done the former and the latter is why I am here."

"I object to being sent to camp by a military regime. If complete exemption were offered as in England, I would register."

Griffin fixed his bail at \$2500. "But we are still friends," he said. "I hope we still are," Morris replied. They shook hands.

Morris who helped rehabilitate French villages after World War I, is married and has a daughter, Eleanor, 2, and a son, William 4. His father, Marriott C. Morris, posted his bail.

Young Men Are Tendered Farewell; To Enter Army

A farewell party was tendered Paul Nicol, Franklin street; Vito Manzo, Chestnut street, and Frank Cauce, Lincoln avenue, on Sunday evening, in St. Ann's Club Room, Wood street. The room was decorated in blue and white, and the evening was enjoyed dancing. Refreshments were served to 125 present, from Bristol, Philadelphia and Trenton. These young men will leave for army service on Monday.

It Is Stated

TO BE NO EXTENSION

There is to be no extension of the deadline for enemy alien registration, according to Earl G. Harrison, special assistant to Attorney General Francis Biddle. This announcement was made in Philadelphia yesterday. The deadline is 9 p. m. Saturday.

Daily, crowds of aliens are presenting themselves at the Bristol post office for their certificates of identification. They are presenting themselves faster than they can be handled.

"There will be no extension of the deadline under any circumstances," Harrison said, "except for those aliens who can prove that they were previously registered."

Mrs. Phillip S. Callahan Dies; Former Bristolian

A former Bristol resident died in Camden, N. J., yesterday, two weeks of illness being fatal to Mrs. Annie E. Callahan, wife of Phillip S. Callahan.

Mrs. Callahan, who has several relatives in Bristol, is survived by her husband; a daughter, Mrs. Winifred Stark, Camden; a son, Francis, of Washington, D. C.; and five grandchildren.

The funeral is arranged for tomorrow at nine o'clock from the home of Mrs. Stark, 3326 Pelham Place, Camden, with Solemn Requiem Mass in St. Joseph's Church, Camden, at 10 o'clock. Interment will be made in Holy Cross Cemetery, Philadelphia, with the W. I. Murphy Estate, funeral directors, in charge.

OUTLINES BACKGROUND OF SALVATION ARMY

Brigadier George Purdun Is
Guest Speaker Before
Rotary Club

SERVICES IN DEMAND

Brigadier George Purdun of the Salvation Army was the guest speaker at the meeting of the Rotary Club in the Elks' Home yesterday afternoon, when he spoke on activities of the Salvation Army.

He outlined the historical background of this organization and pointed out that it started in the slums of London with the purpose of doing evangelical work. The alleviation of distress was then found to work hand-in-hand with evangelical work, and from that point it became a world-wide service.

The Brigadier said that the Salvation Army has been active in the present war. It aided in evacuations in Finland; was in France up to Dunkirk; and looked after thousands made homeless by German bombings; and also distributed millions of pieces of clothing to these same homeless families.

In this country the organization is very active with the USO activities. A description of the Salvation Army

American Tanker Burns 5 Miles Off Asbury Park

ASBURY PARK, N. J., Feb. 27—(INS)—An American tanker burst into flames, five miles off Asbury Park early today, lighting the shores for miles around.

Whether the ship had been set afire by enemy action or was victim of a marine accident could not be determined.

Ten Coast Guard vessels were dispatched to the scene when the fire first was reported and a number of survivors were reported to have been landed at nearby Bradley Beach. Coast Guardsmen however refused to confirm the rescues.

Officers of the Third Naval District were reported to be en route from New York to interview the survivors.

The ship caught fire at almost the same spot where the ill-fated Morrow Castle burned to the waterline in 1934 with a loss of 134 lives.

Sergeant William Breden of the Belmont, N. J., police, reported the fire first. He was on beach patrol when he said, "A big wall of fire shot about 200 feet in the air." He said there were several explosions.

As the flames raged, hundreds of persons easily identified the stricken ship as a tanker.

Authorities remained silent, however, concerning any details of the marine tragedy.

Deputy Police Chief Thomas Wilson said Coast Guard cutters from Manasquan inlet were first to reach the vessel. He said it was probable that the survivors would be taken to New York by the Coast Guardsmen depending on the nature of their injuries, if any.

One Man's Opinion

By WALTER KIERNAN

(I. N. S. Staff Writer)

After President Roosevelt's "uninterrupted production" speech 185 welders in a New Jersey shipyard quit work.

Coming soon—"He can't do this to us didn't he!"

It will be a re-issue of the situation of the same name starring Woodrow Wilson.

Wilson got tired of fine feathered speeches and demanded more eggs.

After that we won the war.

The Young Communist League of New York has expelled a member who turned out to be a policeman.

The Commies refuse to treat socially with the police except when demanding protection.

Our man was as much out of place as an extra right hand thumb on a left-handed counter man and got in the soup much quicker.

THE HILL BENEFICIARIES

Two Sons Are To Inherit The
Estate of Elmira
Weisel

DOYLESTOWN, Feb. 27—The \$14,000 real estate and \$1750 personal estate of Frederick T. Baingo, Middletown township, will be inherited by his widow, Florence K. Baingo, who was also named executor.

Miss Sue Hill, who died January 19 at her home here and left an estate of \$8,000, bequeathed one-half to her sister, Clementine H. Hoover, and directed that the other one-half be placed in trust in the Doylestown National Bank & Trust Company for eight beneficiaries.

The eight beneficiaries include Adelaide E. Turner, Florence A. Clendaniel, Jennie Letherland, Frank D. Shutt, Clarence Craven, George Craven, and Sam Craven.

The will was executed May 11, 1923, and in a codicil written October 7, 1932, the testatrix changed the executor from the Central Trust Company of Doylestown to the Doylestown National Bank & Trust Company.

An inventory revealed an estate of \$11,083.15.

With the exception of a bequest of \$100 to the trustees of St. John's Lutheran Church, Spinnerstown, two sons will inherit the \$1800 personal and \$1200 real estate holdings of Elmira Weisel, Milford township, Oswin Weisel, 1002 Tighman street, Allentown, was bequeathed \$1,000. The balance of the estate will be shared by the two sons, Oswin and Allen Weisel.

The widow, Fannie L. Weisel, will inherit the \$900 personal and \$4,000 real estate holdings of George W. Weisel, Chalfont. Following the death of the widow the beneficiaries will be Harry Winfield Weisel, Bertha W. Wisner, Marie Weisel, John Lewis, Russell J. Greely.

In the estate of Anna Marie McCormick, South Langhorne, letters of administration were granted to her father, Ralph W. McCormick, of South Langhorne, the sole heir, amounting to an estate of \$300.

"Babes On Broadway" To Be Shown At Grand

America's box-office king and his girl friend, Mickey Rooney and Judy Garland, return to the screen for the seventh time together in "Babes On Broadway," which comes Sunday to the Grand Theatre.

Headed by this incomparable pair are more than 200 of Hollywood's outstanding youngsters, including Virginia Weidler and two dancing newcomers from the New York stage, Ray McDonald and Richard Quine. McDonald, although he has played two dramatic roles on the screen, gets his first chance to show his hoofing as a partner of Mickey's and Quine. Adults in the cast include Ray Bainter, Donald Meek, Alexander Woolcott and Luis Alberni.

"Babes On Broadway" tells the story of the scores of youngsters who invade New York annually seeking their "breaks" on the stage. Mickey and Judy are two of these youngsters who, becoming discouraged at the lack of opportunity, decide the only way they can achieve recognition is to stage their own show.

A "block party" is arranged, both for the purpose of raising money to hire a theatre and to assure a vacation for children of a Settlement House. The party a success, the youngsters rent a theatre and prepare to put on their show.

Before the curtain can rise, the show is halted—the house has been condemned. Judy, however, talks a producer into seeing the show by herself. Amazed by the youngsters' abilities, he signs them for his next Broadway production.

The picture was directed by Busby Berkeley and produced by Arthur Freed, the same men who were responsible for "Babes In Arms" and "Strike Up the Band," previous Mickey Rooney-Judy Garland starring vehicles.

HOW MUCH AID?

As the arsenal of democracy, the
United States has a problem shared
by no other country of the United
Nations. It must decide—and de-
cide objectively—how much ma-
terial to send to its allies and how
much to keep for itself.

That isn't as simple as it sounds.
Various belligerent nations, who
have been counting on American aid
to help them resist an enemy draw-
ing ever closer to their gates, are
pleading for greater and still greater
shipments. But there are persons in
the United States who demand that
lease-lend assistance be reduced to a
minimum or eliminated entirely.

It is obvious that at this time the
United States is not in a position to
grant all the requests of the former
group, nor can it afford to heed the
behest of the latter. It is the world
situation which must determine the
degree of American aid, not the con-
dition in any one country or sector.

Selfishness or unselfishness has
little to do with this problem, excep-
t in the sense that it is self-interest
to take a comprehensive view, real-
izing that however many battle-
fronts there may be, this is one war.
A defeat for Britain or Russia or
China is as much a defeat for the
United States as a reverse for Gen-
eral MacArthur or Admiral Nimitz.
Yet this nation too must be pre-
pared, for in like fashion a defeat
for the United States is a serious
blow to the hopes of every ally.

Today there are two sectors which
need American help badly—one be-
cause the anti-Axis forces are tri-
umphant and must be kept trium-
phant, the other because imminent
disaster threatens it.

Russia, despite reports of increas-
ed Nazi resistance, is upsetting all
calculations by continuing her west-
ern drive threatening some of the
great cities held by the Germans.
President Roosevelt has admitted
that after Pearl Harbor the flow of
supplies to Russia decreased meas-
urably, but reveals that it is again on
the upgrade and that by March 1st
it will equal its former volume. It
is supremely vital to the Allied
cause that Hitler be prevented from
smashing back across Russia in the
spring.

Japs, heroically defended, is in
dire straits. Realizing the necessity
for at least one Allied base in the
Southwestern Pacific, the United
States can no longer determine how
much aid it is feasible to send.

The Pacific is the United States
sphere of influence. In a very real
sense helping the Dutch is helping
America. It is assuming special re-
sponsibility as naval protector of the
Pacific as Britain is naval protector
of the Atlantic. Although it is diffi-
cult to arrive at an absolute judg-
ment on these matters now, Ameri-
cans can be sustained by the thought
that every month that passes finds
American production increasing.

Not one pound of American sup-
plies sent to the Vichy French in
North Africa has been diverted to
the Nazis, according to Acting Sec-
retary of State Welles. The Petain-
ites are the American foe, and gave
their own to the Nazis.

Motorists are unable to buy tires
because of the Japs and now their
gasoline is to be restricted because
of the Nazis. Just what is the par-
ticular grudge the Axis has against
the motorist?

night the President reiterated
again and again his promise of "un-
interrupted production," produc-
tion continues to be interrupted by
strikes, walkouts, tieups and juris-
dictional controversies. In other
words, the breast-beating proclama-
tions of their passionate patriotism
by both AFL and CIO leaders have
not been sufficiently implemented
to induce their followers to work
without interruption in the defense
factories, the output of which will
determine the outcome of the war.
These are the facts. Yet, to read
the bombastic utterances of Mr.
William Green and Mr. Philip Mur-
ray, one would gather that the
forces which they command are
completely united behind the Presi-
dent, permitting not selfish consid-
eration to diminish whole-hearted
effort to win the war. The truth is
that, despite the extreme gravity of
the situation, no opportunity is be-
ing overlooked to push toward the
completely closed shop, which is
their most dearly cherished ideal.

The Great Game of Politics

and which will carry wages and
prices to a perilous height.

THOUGH in his speech Monday

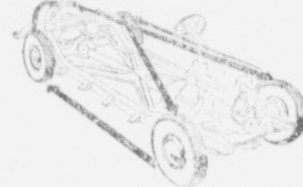

sure in the "Little Steel" fight,
which will reduce it to much the
same state of impotency as its de-
funct predecessor, the Mediation
Board, and precipitate a state of
affairs very baffling, indeed, to the
Price Administrator, Mr. Leon Hen-
derson. It is not surprising that
Mr. Henderson is appalled at the
prospect. A general rise in wages
at this time means a general rise in
prices which he cannot control. It
means that the race between wages
and prices would be on, with first
one ahead and then the other, and
with little or nothing to stand in
the way of that runaway inflation
which nearly everybody dreads and
of which so many have warned.

IT is still possible for the War
Labor Board to halt this fatal race,
but it cannot do it without Presi-
dential support. It is still possible
for Congress to enact restraining
legislation, but it has heretofore
found that impossible without
Presidential support. Mr. Roosevelt
has taken a firm stand against the
latest farm-bloc demand and, de-
spite Senate action, if he stands
firm will gain his point. If he is
equally firm about the labor de-
mands, he can be sure of over-
whelming public support. The fear
is that, in return for agreement by
the labor leaders, with patriotic
flourishes, on "uninterrupted pro-
duction," he will yield to them on
the main points and thus, unre-
strained, they will proceed in their
plans — which, if successful, will
make of this nation after the less
very different and infinitely less
desirable America for everybody
than it is now.

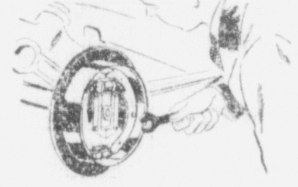

Spring Conditioning that's

TAILORED TO YOUR CAR!

Come in Now for a FREE inspection by Authorized Factory-Trained
Mechanics that Will Show Exactly what Attention YOUR Car Needs.

WANT LONGER TIRE LIFE? When switching tires,
do you remember the spare? If you'll let us switch
your tires, working the spare in where it can best
be used, each tire out of the five you have will be on
the road only four-fifths as much as usual. Net re-
sult: Longer life from the same full set.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought
to be kept in proper adjustment for safety reasons
alone. Beyond that, brakes that are "out" can also
be a unnecessary increased tire wear. For
this, let Buick men adjust your Buick brakes
to factory specifications.

LICK-AND-A-PROMISE spring con-
ditioning won't do this year,
mister!

You've got something more im-
portant to think about than just
changing oil and grease — you've
got a whole car that will have to
see you through the duration,
and you can't afford to overlook
any part of it.

That's why Buick spring service
is tailored to your own partic-
ular car.

We change oil and grease in the
regular way, of course — we
check batteries, cooling systems,
wheel alignment and other
routine matters.

Your whole car lasts longer
when it is conditioned as a unit —
especially when trained Buick
specialists do the job.

So we write your spring condi-
tioning ticket to fit your car's
needs — not to make up a ready-
made "package" according to
average requirements.

The cost is no higher than for a
comparably good job anywhere
else. It's actually lower in the
long run, because it pays to have
a job done right.

Drop in for a FREE check-up by
our authorized factory-trained
mechanics and let us detail the
service your car should have
this spring.

previous attempts to make blood transfusions a success.

Blood transfusions, said Dr. Aiman, began in the 14th century, but at that time they did not prove satisfactory. In 1616 the transfusion of blood from sheep to dogs and then from dogs to man also proved to be unsuccessful. It was not until 1900 that Dr. Lons-tienier proved that the only way it would work was by transferring blood from humans to humans. He discovered also that there are four types of blood. Dr. Lons-tienier was awarded the Nobel Prize in 1910.

Dr. Aiman demonstrated with a sealed container and condensed dried blood how, in a very simple manner by mixing distilled water with the blood, it can be prepared for use in

case of an emergency in less than a minute. This latest discovery was made by Dr. Stromer, of the Bryn Mawr Hospital.

Names of 131 men and women from Sellersville and Perkasie were placed on the Red Cross honor roll at Grand View Hospital on Monday for having volunteered to give their blood for use in the United States service.

Although the local hospital does not sell blood in emergency cases, Technician Detweiler at the Grand View laboratory, said a pint of blood is worth approximately \$25. It is sold for about that by professional donors at some large metropolitan centers.

Thus, the donors gave nearly \$1,200 worth of blood to be stored by the Red Cross for future use. A blood extracting unit, with doctors and nurses, was at the emergency room of Grand View Hospital all day.

Presenting his report at the meet-

ing of the Warrington Farmers' Club at the home of Mr. and Mrs. Howard W. Detweiler, near Chalfont, the treasurer, G. Frank Shutt, announced that the club has purchased a \$100 defense bond, an action similar to the one taken by the club during the first World War. After Mr. Shutt had made this announcement before approximately 35 members, Mr. Shutt read the minutes of the meeting held on May 2, 1918, when the club purchased a Liberty Bond.

The meeting was in charge of the president, Norman Lapp.

The only question discussed was "What provision is made for farmers or tires used on cars in farm work?" This was opened by Norman C. Kratz, who said he was unable to give an authentic reply. Other members of the club took part in the discussion, and they pointed out that the matter of getting tires will be a difficult proposition.

CLOTHING SHOULD BE CONSERVED FOR THE NEEDS OF TOMORROW

By Miss Edna Stephany
(Home Economics Representative)

There is need today for taking good care of clothing on hand.

The first step in taking care of clothing intelligently is knowing what the fabric is made of. Methods of cleaning, pressing, removing spots, and storing vary according to the fibers in a garment.

It also will help in taking intelligent care of clothing if you know whether

the color in a material is fast to light and to washing, whether and how much the garment is likely to shrink, and what special finishes have been applied to the material. You can find out these points when you buy—from labels, clerks and store buyers.

Some rayons are washable. For the

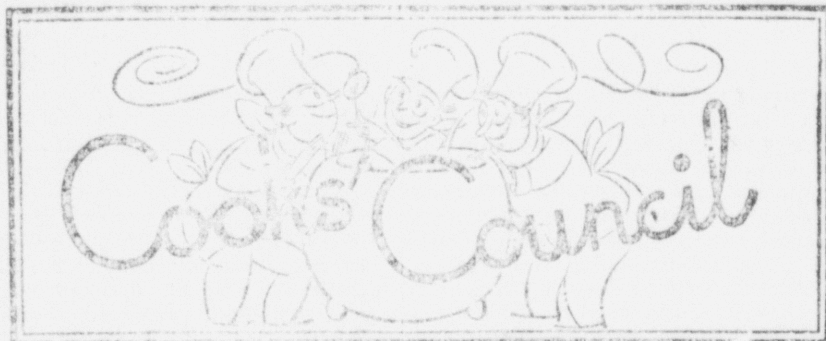

washable kinds, use heavy lukewarm suds of neutral soaps. Do not rub, but handle them with particular care while they are wet. Rinse in water the same temperature as the suds. Iron with a moderately warm iron. For acetate rayons, keep the temperature even lower. It's a good idea to try the iron

first on the back part of a hem or a seam to make sure it won't melt the rayon.

The sensible way to clean most cottons is to wash them. Colored cottons need to be colorfast both to washing and to light if they are to be satisfactory. Also cottons should not shrink

more than 2% in order to retain the fit of the garment after washing. It's advisable to look for definite facts about both points when you buy.

Textile experts say there's nothing to the old custom of soaking materials in a solution of salt and water to "set" the color. It doesn't work.

For Nutrition Plus

When you begin to plot a food schedule for the week, to include all the minimum daily requirements recommended for nourishing adults, you will soon find there are several short cuts to achieving the total allotments of vitamins and minerals your family needs. One of the most satisfactory tricks is to combine several nutritionally rich foods in a single dish. In this way you will soon have each meal well on the plus side of the nutritional scale. Ready-to-serve, oven-baked beans for instance, which are important for their growth and repair properties, may be combined with vitamin-E-rich round steak in these Ground Meat Muffins to make a doubly nutritious dish.

Ground Meat Muffins with Oven-Baked Beans

Combine—
1 lb. ground round steak
1 teaspoon salt
1/2 cup tomato ketchup
1 teaspoon Worcestershire sauce.
Mix thoroughly. Divide into eight portions. Grease muffin tins and line with meat mixture, then fill center with—

1 medium (18-oz.) can oven-baked beans, Boston style.
Bake in hot oven (425° F.) 20 minutes. Serve two per person with crisp cabbage salad. Serves 4.

Potato Plot

If you can whip up a little family interest, while you are expanding the daily diet to include all the foods needed for body growth and repair, you will find their cooperation a big help. One of the simplest ways to do this is to serve foods attractively. Reduce the whole matter to a routine of vitamins and minerals

and you will lose the family interest in a hurry. But make it extra good food, served with a few flourishes, and they will be solid behind your body-building project. For instance, instead of serving plain boiled potatoes for supper tonight, try toning them up a trifle with a fine, creamy mushroom sauce. It will not add to your kitchen duties if you use ready-to-serve cream of mushroom soup in a sauce this way:

Creamed Potatoes with Mushrooms
Peel and dice—

4 large potatoes
and cook in boiling water until tender. Drain. Add—
1 medium can (2 cups) cream of mushroom soup.
Combine thoroughly, heat and serve. Serves 4-6.

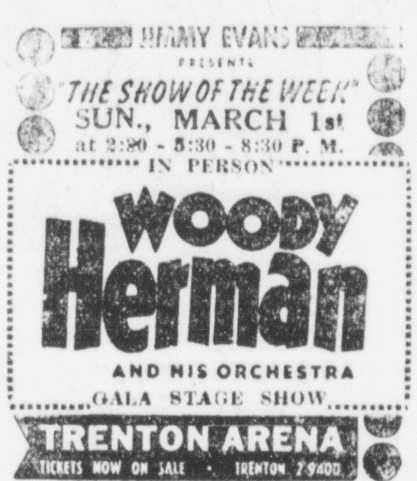

Extra Vitamin Value

When you begin looking for combinations that are doubly nutritious, remember the recipes in your party file. There you will find many dishes, reserved generally for company service, that have just the extra vitamin value you are seeking. Party fare is nearly always richer than the food you serve your family, and is likely to include a wider variety of nutritious ingredients. For instance, this Chicken and Mushroom Curry with Rice, which makes a perfect luncheon party dish, also has more of the vital food elements than you are apt to find in an ordinary main course recipe. The combination of chicken, creamy mushroom soup, rice, and broccoli puts this dish well on the plus side for both vitamins and minerals.

Chicken and Mushroom Curry with Rice

Combine and heat thoroughly—
1 medium can (2 cups) cream of mushroom soup
1 1/2 cups cooked rice
1 teaspoon curry powder
1 cup diced cooked chicken
Serve hot over hot cooked fresh or frozen broccoli.
Serves 6-8.

vented from applying because of illness, internment in hospitals or other institutions.

In the Philadelphia area, Harrison reported, 24,302 applications for certificates have been received. There are still about 5,000 to be registered. Of the total number of enemy aliens in this area, about 24,000 are Italians, 6,000 Germans and about 100 Japanese, he said.

So far, in the whole country, he said, 32,500 Japanese, 15,000 Germans and fewer than 300 Italians have been arrested. Of them, 450 have been interned for the duration.

Harrison cautioned employers against unnecessary firing of friendly aliens, and warned of the refugee problem that might arise under the circumstances.

Three mobile canteen units are also operated by the Salvation Army. More are planned for the future. Twenty-four hundred doughnuts and 150 gallons of coffee are made and given free daily.

Provisions have also been stored in the home for any emergencies that may arise.

In conclusion Brigadier Purdon said, "We must have faith in God and mankind if we are to continue giving service to all."

"Golden" Horses Are Being Bred in Bucks

Continued From Page One

cho" on the sunny side of Cat Hill, a mile west of Sellersville.

There are but eight Pennsylvanians listed among the members of "The Palomino Horse Association, Inc.," a non-profit organization of sportsmen who raise these wonderful animals merely to continue the rare breed and because of their inborn love of animals.

Only about 1200 palomino horses are registered in the entire United States, according to H.H. Leo Carrillo, the movie actor, is one of the active

members of the Association and also is a director of the Palomino Horse Breeders of America, Inc. Bing Crosby and a large following of other movie stars also are much interested in this breed. One of the reasons, no doubt, is because of its rarity, while the most likely explanation would be their remarkable beauty.

The breed usually is recognized by the creamy golden color of the horse, with its very attractive silver white mane and tail. Palominos are said to date back to 3,000 years before Christ in actual lineage, although they came to this country in 1519, when Cortez brought 16 horses and mares to Mexico. Many of these were known to be descendants of the Arabian horse of the same lineage.

In any event William Hill has decided to breed them for the fine points that have been recognized in America. There is little doubt that they are considered by horse breeders as the aristocrats of horsemanship. Their large, dark eyes glow with affection. These medium sized mounts weigh from 800 to 1,100 pounds. They vary in shades from almost sorrel to very light cream, while the mane and tail may be pure white or silver. The legs are close bunched instead of spread apart, while the neck is curved after the style of the palfrey mounts made famous in classic paintings. They are most docile as pets and can easily be taught tricks.

"Coronado" is Hill's breeding stallion, which he bought from Fred Bahnsen, Jr., wealthy owner of the Southern Steel Stamping Co., of Winston-Salem, N. C. At present A. G. Fisher, prominent Chicago horse breeder, wants to buy this big palomino from Hill, but the latter obtained him only with the agreement that before he can sell him the former owner must be given first chance.

"Amber Girl" is another registered palomino Hill bought from Bahnsen. The latter had bought the mare from J. Melvin Purvis, the nationally known FBI official. "Amber Girl" can do a half dozen "high school" tricks. Shortly after the sale Bahnsen flew north to see his beloved horses again. He is about to be called in the draft, which is the only reason he parted with his pets.

Eighteen members gathered in the Bracken Post home on Wednesday for the meeting of Bucks County Salon No. 74, of the 8 'n' 40 Society. Mrs. Leo Riley was the presiding officer.

U. S. Has Strength in The Atlantic; Fights 'Sub' Menace

Continued From Page One

We met our escort outside the harbor. We took our position among the silent, commanding guns of the Navy as a feeble attempt to define the gray of the sea from the gray of the sky.

It was a somber seascape—dotted destroyers and patrolling planes—but a comforting one. It left no doubt that Uncle Sam was ready to deal with Mr. Submarine on this trip.

All the strength assembled at the convoy's rendezvous did not stay with our ship throughout the voyage. But there was always enough in view from port and deck to signify that the Navy meant business.

It did not take long for the Navy to demonstrate that it did mean business. One day early in the voyage someone, somewhere in the convoy spotted a mysterious shadow.

Immediately a destroyer heeled over and raced for the spot, laying down a protecting smoke screen for nearby ships. Suddenly our vessel lurched as

though it had hit an underwater reef. It lurched again, twice in succession.

The destroyer had dumped depth charges over the mysterious shadow and the shadow ceased to be a menace.

Whether or not this action involved a submarine remains a naval secret, of course, but the speedy performance of the destroyer was ample proof that alert forces patrol the Atlantic, that the toll taken by Hitler's U-boats is being whittled down.

The alertness not only made my voyage a safe one, but it insures safe delivery of supplies and troops to America's island outposts, themselves vital weapons in the battle of the Atlantic.

(Tomorrow: The "secret" battle of the Atlantic.)

If \$50 did nothing but bring
a tin cup of water to this boy
it would be well spent

If this were your boy... or a bright young fellow who used to work for you... or the kid next door...

You'd quickly write out a check for \$50 if that were the only thing that would bring him a tin cup of water when that water was the most precious thing on earth to him.

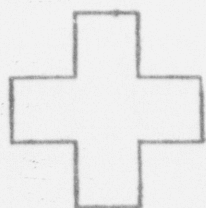

There'll be many boys, not a few of whom you know, in fixes like this before this war is over and won. \$50 from you now—or \$20, \$10, or \$5—will see that they get far more than the blessing of that tin

cup of water. It will help make sure that they get bandages, stretchers, hospital beds, life-saving medicines, life-giving blood transfusions... the warm heart and helping hand of the Red Cross reaching out to them in their hour of suffering.

The Red Cross is the official heart of the Armed Forces of the United States of America. Your part in this all-out war right now is to give—generously, sacrificing—to that heart. Give now, give again and again to the RED CROSS WAR FUND!

Today's Quiet Moment

(By the Rev. James R. Galley)
Pastor, Bristol Presbyterian Church

We thank Thee, O God, for the Gospel of the second chance. We know that we have many times failed Thee in the past, although we started on our journey with the most sincere devotion. We thank Thee that as we come to Thee asking forgiveness we have the assurance that it will be granted, and the knowledge that as we begin anew in Thee Thou wilt give us the strength to profit by past mistakes, building a stronger future because of a weaker past. Lead us in Thy love, through Jesus Christ our Lord. Amen.

GRAND THEATRE

Hollywood could have taken the story of "Forbidden Adventure" and created an elaborate and breath-taking production. But they would have lost the beauty of simplicity, and would have sacrificed the realism for these planic suspense; they would, in short, have destroyed the power and thrill and surge of emotions which is so evident in the film showing at the Grand Theatre today.

Alluring Hawaii is the colorful setting in which youthful romantic song stars and reliable comedy favorites go through their fast-stepping paces in "Moonlight in Hawaii," which opened yesterday at the Grand Theatre.

SHOPPING TIPS FOR BUDGETEERS

IN THE RED! Scurry to get your little red shoes! They're the gayest, most outstanding, chirpiest note sounding for spring. My, what they'll do for a costume and a gal! For debs. For grannies. It happens that Snellenburg's 1st fl. Shoe Dept. has the greatest variety of red shoes I've found, including much in demand "lacquer" and the crushed surface effect, etc. All prices, but not necessarily expensive—"Dainty Debs" at \$4.45, "Modest Teens" at \$4.95! Try 'em once—please! Oh, yes, red in the famous Scotty fashion-featured shoe at \$5.45 and \$5.95.

YOU'VE GOT TO! Of course, you're going to learn Spanish! Aren't you going to tour the Americas once this darned war's over? Begin planning for that vacation now by teaching yourself Spanish for at least fifteen minutes a day. Get someone else in the family to do it with you! I have the very book for you. *Rather*, Snellenburg's Book Dept. has it, 1st fl. A dollar reprint of one more expensive—a buy. Well put together, brought right up to date. Tell or write the Snellenburg book folk (or phone) that you want the exact book you read about in Faith Clarke's column—no other.

FLAUNT YOURSELF! Well, I've seen the new Kola-Paca 100% virgin wool top-coats Snellenburg's coat buyer has been bragging about—and the brag is 100% justified. The material is a beautiful weave, deep, pliable, exquisitely surfaced. Just right weight for early spring and cooler summer days and nights, especially for mountaintops and shore. Box or fitted models. Untrammled, \$25 and \$29.95. With almost white, toast-marked wolf collars (so flattering!), \$19.95. Very light beige, aqua, sky, gold in softened tones. Do see them, 2nd floor.

THEY DO SLIM! Not fashionable females a little too much on the plump side can get, right in Philadelphia, the famous Louray Originals, the dresses designed for slimming. Snellenburg's Dept. of Women's Dresses (2nd fl.) has a city exclusive on dipping powder, used once, to wear and cleaning. All are \$8.95, from the jacket frocks in charming prints to really dressy models. Drop in, girls. Only half sizes, by the way.

Just the time for a shopping joint. What say? Those who must stay home—just write or phone. Faithfully, FAITH.

# DIAMOND TEAM PLAYS STONG GAME ON THE DEFENSIVE

Keep Voltz Five From Scoring  
For 28 Minutes of  
Play

FINAL SCORE IS 39 TO 25

Petrick Leads His Team To  
Victory With Three  
Double-Deckers

The Diamond basketball team broke the defensive record of the Bristol Basketball League last night when it kept the Voltz-Texaco team from scoring a field goal for twenty-eight minutes of play.

The defense helped the Diamanti boys to chalk up an easy 39-25 victory, their second of the second half. The win also enabled the Big Green to finish in a deadlock for sixth place.

For the entire first half and eight minutes of the third period, the gas-oilers were held scoreless from the field and then Marvin Hutchison picked the ball out of a scrimmage, took one dribble, and twisted a shot into the basket. At that time, Diamond had a 20 point lead.

Bob Petrick led the Diamond team to victory with three double-deckers and four fouls for ten points. Hutchison scored a quintet of two-pointers for the losers.

## DIAMOND BOXER LEFT FOR SEMI-FINALS

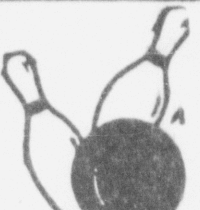

A fighter from the Diamond A. A. boxing team is listed among the 28 survivors in the semi-finals of the New Jersey Tournament. He is Carl Petrinio, of the 112-pound class. The tournament continues tonight with amateur fighters from Fort Dix, Trenton, Lambertville, Yardley, and Kingston.

Also entering the semi-finals in the open 112-pound class is Dominick Frascella, Trenton, last year's champion. There is a likelihood that Petrinio and Frascella may reach the finals.

"Jobby" Dugan, Third Ward youngster, who won the 175-pound sub-novice championship of the Middle Atlantic district of the A. A. U., did not participate in the Jersey tournament but he is in constant training as along with seven other representatives from the Philadelphia district, he will go to the New York tournament next month.

Dave Montgomery, local colored fighter, was well on his way to victory in his bout in the Trenton tourney when he threw his shoulder out of place. He lost the bout.

The first-half schedule of the various leagues have just recently been completed.

First place in the Ladies' League went to the Daughters of America team. The Leedom's Blue team won the honors in the Federal circuit. Stemmie's Grill five finished on top in the American League.

While the hot National League race saw the Diamond Sporting Goods A. A. bop out the Voltz-Texaco boys by one game. Because of the disagreement concerning the standing of the close National League race, the Voltz-Texaco representatives in both the National and American Leagues withdrew for the second half.

Milt Jones is back into form again and recently won a medal given by a Philadelphia newspaper for having three 200 scores. Rohm & Haas is pacing the Major League with a six game lead. Last month's high score prize was captured by Campbell with a 268 score. Mrs. Keers won the ladies' prize with her 235 count.

Morrisville bowlers were defeated by Bristol in an independent match. Mt. Holly beat the Bristol Knights of Columbus in another exhibition contest. Reading Brewery bowlers defeated Bristol 7 out of 9 in their American League match, while in the National League contests Reading won 5 out of 9 from the Bristol mineralite ball throwers. In the doubles, Leven, who is leading the league with a 208 average, bowled a 665 score.

Both the Rohm & Haas and the Fleetwings plant leagues are in their stride and the fans are clamoring for the winners of their respective circuits to clash at the close of the season. The following well-known bowlers are in the service of the U. S. armed forces: Herbert Seharg, Francis Clay, Clyde Light, Anthony Boccardo, Edward Crohe, William Shoffy, Joseph Jobson, Donald Crohe, Anthony Sabatini, Salvatore Margiotta, Robert Bills, Joseph Kyniak, Bob Meshandko, Maurice McCurry, Jack Fraser, Felix Tomlinson, Dick VanAken and George Pollock. A collection was taken up by the Bristol Bowling Association, and the amount was distributed to the boys in the service.

## FALLSINGTON HIGH SNATCHES "BIG THREE" TITLE BY DEFEATING BRISTOL BY A SINGLE POINT

By Jack Gill

Fallsington High School scored a thrilling one point 25 to 24 victory over Bristol last night in the Morrisville gymnasium to snatch the "Big Three" conference championship. The Falcons and the Bunnies hooked horns in a see-saw battle that saw the score change time after time.

Thus, after nine years of loyal duty at Fallsington High School, whose total enrollment is less than that of any other member of the Big Three, veteran Jim Doheny strode one step nearer to his realization of a championship. To attain the Lower Bucks confalon the Orange and Black must sweep aside Bensalem, "Little Three" rulers, in a game that will determine who will represent the district in the statewide tournament.

All kinds of bad luck plagued Doheny and his boys again last night, but the Falcons overcame the unfortunate twists and rode through to a crucial win. Johnny Mansmann, who had ptomaine poisoning all day yesterday, never put in an appearance until mid-way in the first quarter. The winners have lacked outstanding reserve material all season and have banked on their five varsity men to the limit. But Lawrence Silvi, starting his first varsity fray, played capable ball until Mansmann appeared on the scene to render "spot assistance."

Bristol had a chance to win the ball game all evening and the one point margin represents their fine efforts. Coach Bill Bartholomew instructed his boys to press close from the opening whistle until the final shot had been fired. The Bunnies followed their pre-game plans to the utmost and cut down the set shots of the victors considerably. But the locals were off on their shots and missed catching the train by one field goal.

Al Monti played brilliant ball in personally scoring ten points and leading Fallsington to its win. Driscoll, who has been a hot shot in leading the district in individual tallying, wasn't on so Monti made up for his off night. Frankie Thropp's work at center was also commendable.

Big Paul Ruby was the head honcho for the homesters with 11 markers. He practically controlled the backboard all evening and set up a few scores. Jim Hopkins and Ken Hermann played outstanding ball and were pointed "all out" all the way.

Both clubs were tight in the first quarter. Monti dropped in a foul for Fallsington, but Ruby followed this up after Bristol missed four successive free throws by scoring from underneath. Hopkins shot the Bunnies ahead on a free toss, 3-1, but Driscoll tied it up and Thropp hit the basket.

on a twister to make it read Fallsington, 5; Bristol, 5, at the quarter.

The lead exchanged several times during the second chukker. Ruby shone for Bristol in reclaiming the ball off the board and in scoring from underneath on two occasions. Napoli's one handed running shot from the side brought the Fallsington crowd to its feet. Bristol built up a 12-19 lead with a minute to go, but Thropp tallied on a lay-up for the opposition and Driscoll got loose long enough to sink a fielder and send Fallsington into a 14-12 half-time advantage. The lead changed six times during the hectic first half.

Bristol lost the game in a poor third session. The passing was off and they threw the ball away on several occasions. Ruby and Melidio supplied the only punch with fielders, while Monti himself went wild by dumping in seven points for Fallsington. The Falcons stretched their lead to 21-16 at the end of the period—their greatest advantage of the night.

Bristol came back battling tooth and nail in the final quarter and scored 8 points to Fallsington's 4. Hopkins was good on a long set shot and the lead was shaved to 21-18. Di Angelo took a pass from Ruby underneath and hit the basket to make it 21-20. But Thropp kept the winners safely ahead for the time being from the side and

Driscoll followed this up a few seconds later to jump the lead to 25-22. However, Di Angelo dribbled his way in fast and sliced it to 25-24. Hermann missed a long set shot from away out with 30 seconds to go and Ruby got the ball off the backboard. But it was lost in a scuffle under the basket and Fallsington grabbed it with fifteen seconds remaining.

## HIGH SCHOOL GIRLS LOSE TO GEORGE SCHOOL

GEORGE SCHOOL, Feb. 27—Unable to stop the scoring of "Peggy" Meeker, the Bristol High girls dropped a 46-24 tilt to the George School girls, yesterday afternoon.

Meeker accounted for 36 of the winners' points as she dropped 18 field goals into the nets. Helen VanAken scored 14 for Bristol.

It marked the fifth defeat of the season for Bristol against seven victories. The Bristol Jay Vees and the Third Team also were beaten by the George School girls.

## FRANKLIN A. C. WINS OVER FIFTH WARD

With Bill Balon and Fred Barbetta doing the bulk of the scoring, the Franklin A. C. finished the second half of the Bristol Basketball League with a 38-29 triumph over the Fifth Ward.

Sporting Club in a "grudge" game played on the Mutual Aid floor.

It was Franklin all the way as Balon and Barbetta took turns in hitting the cords with double-deckers. Balon finished the night with 14 points, four more than Barbetta.

"Reds" Pica led the losing team in scoring with 12 tallies. Steve Fiorito tried to shake off his scoring slump but was held to five points.
